

EXECUTIVE OVERVIEW OF PROJECT MANAGEMENT FOR K-12 EDUCATIONAL LEADERS

Are you a K-12 superintendent, assistant superintendent, or president leading a team with projects to manage? Are you looking for skills and strategies to better support your teams and their projects? Are you seeking key elements of change management to guide your leadership?

Come join us to learn more about project management and change leadership!

Project Management has a respected reputation in the business world. Take part in XLC's *Executive Overview of Project Management for K-12 Educational Leaders* to learn how these valuable skills and strategies can be translated to the educational setting.

Gain skills to successfully deliver your school district projects on time, on budget, and according to specifications by:

- Learning the key elements of project management from an executive-level vantage point
- Exploring aspects of change management to help guide your leadership through a culture of change and adaptation
- Developing an applied understanding of the principles, processes, and tools of Project Management and how to leverage them in your real-world educational environment

XLC's *Executive Overview of Project Management Certificate for K-12 Educational Leaders* is built on the content and processes found in *A Guide to the Project Management Body of Knowledge (PMBOK Guide) – Seventh Edition*.

Audience:

Appropriate for K-12 superintendents, assistant superintendents, presidents, and other executive-level leaders who want to lead the successful implementation of projects and change within their school districts.

Duration:

This program consists of 1 session over the course of 1 day.

Cost: \$995 General Registration
0.6 CEUs will be issued for this program
