

LEADERSHIP IN THE AGE OF AI CERTIFICATE

AI is reshaping how organizations operate, communicate, and make decisions. Leaders who can think critically about AI, use it ethically, guide their teams through adoption, and harness it to elevate human performance will have a distinct advantage. The AI Summer Series equips professionals with the practical knowledge and applied skills to lead confidently in an AI-driven workplace.

Earn this certificate by completing all four half-day programs in the series. Each session builds upon the last, creating a cohesive learning arc that takes participants from individual AI competence to organizational leadership. Whether you are new to AI or looking to sharpen and structure what you already know, this series provides a clear, actionable path forward.

Audience:

Leaders, managers, and professionals at any level navigating AI in the workplace.

Digital Badge:

XLC is proud to offer each participant a digital badge in Leadership in the Age of AI certificate once participants have met the program completion criteria. Digital badges include a direct link to view program credentials and can be utilized by participants on social media and digital resumes.

Participants will walk away as thoughtful, responsible AI leaders, equipped to think critically, act ethically, drive change, and put people first.

Half-Day Program Topics:

- Session 1 – Leveraging Critical Thinking with AI
- Session 2 – Ethical Decision Making and Responsible AI
- Session 3 – Leading Through AI Change
- Session 4 – Supporting Human Performance Using AI
